Computer Skills for Capacity Building Workshop Held On 14-10-2024

Report on the Workshop on "Computer Skills for Capacity Building of Students"

Date: 14 October 2024

Venue: Seminar Hall and Computer Lab, Janta College, Bakewar, Etawah

A workshop on "Computer Skills for Capacity Building of Students" was successfully organized on 14th October 2024 at 3:00 PM in the Seminar Hall and Computer Lab of Janta College, Bakewar. The objective of the programme was to enhance the digital literacy and technical competence of students, enabling them to adapt to the growing demands of modern education and employment.

The event commenced with a welcome address by Prof Lalit Gupta, Convener of the programme, who underlined the importance of computer proficiency as an essential component of higher education and professional success.

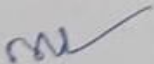

Prof A. K. Pandey, IQAC Coordinator, emphasized the role of such workshops in promoting skill-based learning and encouraged students to actively engage in practical training sessions.

Principal, Prof. R. K. Tripathi, in his inaugural remarks, appreciated the efforts of the organizing team and motivated students to develop digital competence to meet the challenges of the modern academic environment.

The resource person, Mr. Ashwani Mishra, conducted the technical sessions, which included hands-on training on basic computer operations, MS Office tools, internet applications, and data management. He also discussed the significance of digital awareness, cybersecurity, and the use of technology in research and communication.

36 Students from various faculties participated with great enthusiasm and gained valuable insights into the use of computers for academic and professional purposes.

The workshop concluded with a vote of thanks delivered by the Convener, Prof. Lalit Gupta, who expressed gratitude to the Principal, IQAC Coordinator, the resource person, and the participants for their cooperation and contribution to the success of the event.
